Profile

Certified Front-End Developer with 5+ years of experience in designing and building responsive web designs. Proficient with HTML5, CSS3, and JavaScript Frameworks, with extensive knowledge of Front-end and User psychology, which led to a 78% increase in user satisfaction ratings. Worked within a cross-functional team to boost the conversion rate of the company website by 34% by updating outdated HTML/CSS code and implementing a responsive design

Professional Experience

(April 2019 – Present)
Software Engineer At Slnt Technology
Salem – Tamilnadu, India

- Developed user experiences for a global luxury brand's website that achieved a 10% increase in average session duration, a 15% decrease in bounce rate, and secured over 1M page views using HTML, CSS, and JavaScipt code.

- Improved the speed and scalability of a social media website, leading to a 30% decrease in loading times and an increase in user satisfaction ratings

- Developed and tested interfaces, page layouts, and optimized graphics, images, and motion graphics while ensuring compliance with cross-browser compatibility and Web Standards guidelines

- Leveraged agile methodology to automate tasks and maintain code quality while developing web-frontend logic with HTML, JavaScript, and CSS

- Successfully debugged the web-related issues, leading to improved efficiency and performance

- Analyzed user research trends and suggested changes to existing design processes for better results

- Automated front-end unit and functional tests to ensure seamless updates to future versions of software releases

- Utilized HTML5 and CSS3 technologies to design, develop, and debug seamless web applications on multiple browsers and platforms

- Managed code repositories, review tools, and continuous integration processes to improve website analytics and end user feedback

- Proactively worked with back-end engineers on understanding data flow and integration elements to generate a secure web design

- Collaborated with a team of developers and designers to deploy rapid development and deployment processes using Git version control
Certification & Training

(2017)
Android App Development
Access Point IT academy
(2013)
Computer Hardware
Servicing
